Problem Challenge 2: Let's Go Shopping! 19th May

Return to you Class Teacher by Wednesday, 24th May

Name: …… Class: ……

With whom did you solve the problem? ……..

Four friends went to Chapelfield in Norwich to shop for things a family member wanted. From the clues given work out how much each one spent and what item they each purchased.

Use an **O** for the correct answer and an **X** for the incorrect answers.

- The skirt cost more than the shirt but less than the dress and shorts.
- Sharli spent more than Jenna or Danny but less than the person who bought the dress.
- Jenna spent more than Danny.

	Dress	**Shirt**	**Skirt**	**Shorts**	**£ 21**	**£ 30**	**£ 35**	**£ 40**
Sharli								
Tommy								
Jenna								
Danny
