Dear Parents / Carers,

Re: Drugs & Alcohol Education

This half term, the children in Year 6 will be covering a PSHE unit on Drugs and Alcohol. Within these lessons, the children will learn:

- The names of and the difference between legal and illegal drugs
- The negative effects drugs have on the body
- The negative effects of smoking
- Issues surrounding why people take drugs and smoke including peer pressure
- How to avoid dangerous situations

Although drugs education is a small part of the new Science Curriculum, we believe that it is important we cover this topic in more depth within PSHE so that the children at Kenninghall are equipped with many different strategies to keep themselves safe.

Please come and see me if you have any questions about the content of the lessons.

Kind regards,

Miss Saunders
