Monday 11th June 2018

Dear Parents/Carers,

RE: Changes through puberty

This half term Year 5 will be learning about **changes through puberty**. This is part of the statutory Year 5 science objective 'describe the changes as humans develop to old age'. This will also cover objectives from the school's Personal, Social and Health Education programme.

You can help your child by talking to them about the lessons and answering any questions they may have.

Also, if you would like to view any of the resources or find out more about the programme, then please do come in and see me before **Thursday 5th July**.

Kind regards,

Miss Saunders
